The Follow.Me.R recessed spotlight is highly versatile, offering almost complete directional control to the user. It comes with an adjustable cylindrical fitting that can point in a 355° horizontal range. If a 90° vertical spotlight is needed, it can be recessed back into its fitting to sit flush with the ceiling. The Follow.Me.R is designed to blend seamlessly into its surroundings.

This spotlight comes with three beam angle options- a sharp 15°, a generous 24° or a wider 36°, giving you ample options to highlight any wall or object with a warm 2700k glow.
