The Moon is a discreet spike or surface-mounted light fixture that is suitable for walkways, driveways, garden beds, and borders. This fitting provides full 360° even lighting, which beautifully highlights the surroundings. With its unique color finish, it is virtually invisible in any environment. The Moon is supplied with a surface mount and ground spike, suitable for exterior applications. The cable entry and gland are filled with resin, which provides excellent protection against water damage. For optimal dimming performance, we recommend using our range of PowerBank drivers.

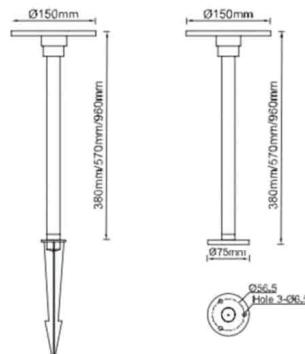

Product Category: *Exterior*

Material	Anodised Aluminium & Stainless Steel 316	Beam Angle	100°
Lumen Output	700Lm	Cut Out	Ø 56.5mm
LED	OSRAM 48pc 2835 SMD LED	Fire & Acoustic Rated	-
Lifespan	>50,000 hours	IP Rating	67
CRI	>90	Working Temperature	-
Input Voltage	DC	Binning	-
Power	6.3W 18V 350mA	Colour Temperature	3000K
Power Factor	>0.98	Standard Finish	Stainless Steel
