The Beam.M is a versatile and inconspicuous lighting solution designed to meet your grazing and up-lighting needs. It emits a stunning and precise beam of light, offering you the choice of 15°, 30°, and 45° options, all with a warm colour temperature of 2700K or 3000K. This compact yet powerful light is perfect for illuminating residential environments, both indoors and out. The product includes an installation sleeve for easy setup, and features resin-filled cable entry and gland for top-tier protection against water ingress.
