The Dot.24 magnetic LED module offers seamless magnetic connection to the Magtrak profile, ensuring a sleek and effortless installation process. With beam angles of 20°, 34°, and 48° to choose from, Dot.24 creates a stunning beam that can illuminate and enhance any surface. This module is designed to sit discreetly within the track system, providing subtle yet powerful lighting output for various applications. Also available in TRIAC or DALI, the Dot.24 can be tailored to your preference.

Material	Aluminium	Beam Angle	20° / 34° / 48°
