The Spot.Z provides the ability to pinpoint any surface or target to create the most dramatic designs. The fully zoomable lens provides a beam from 10° to 40°, and with our unique colour finish it's virtually invisible in any environment.

This device can be used both indoors and outdoors, and it comes with a ground spike for external positioning. Additionally, it has a resin-filled cable entry and gland that provides ultimate protection against water ingress. To ensure that it can be smoothly dimmed, our range of PowerBank drivers is available.
