

| | | | |
|----------------------------|-------------------------------|---------------------------------|---|
| Output Voltage | 24Vdc | Efficiency | Up to 92% |
| Output Current | 6.25A | In-Rush Current | Cold Start 1.54A |
| Output Power | 0 - 150W | Anti-Surge | L - N: 1.5kV |
| Strobe Level | 8% | Leakage Current | <0.5mA / 240Vac |
| Dimming Range | 2 - 100% | Working Temperature | 45°C - 85°C |
| Dimming Interface | TRIAC Leading / 0-10V / 1-10V | IP | 42 |
| Input Voltage Range | 220 - 240Vac | Over-Current Protection | Shut Down >102% (Auto Recovers) |
| Frequency | 50/60Hz | Short Circuit Protection | Shut Down Short Circuit (Auto Recovers) |
| Input Current | <0.95A | Over-Heat Protection | Shut Down >100°C (Auto Recovers)) |
